WOOD DOORS | STEEL DOORS | FRAMEWORKS | SPECIALTY DOORS

## Solution - Patient Room Access

Aesthetics is as essential as attention to safety at healthcare facilities. The Patient Room Access Door is designed to provide security and dependability for healthcare facilities, with a design that blends into the healing requirements.

Patient Room Access Doors provides caretakers or healthcare staff to access a patient's room in case of an emergency and preserve the security needed. The main door continues as a standard in swing patient room door. The inner door opens to the corridor providing authorized personnel quick access to the patient's room. Our Patient Room Access Door is a solution that combines aesthetic and meets industry standards

## Applications

- Assisted living facilities.
- Behavioral health units.
- Correctional facilities.
- De-escalation rooms.
- Patient room doors.
- Psychiatric facilities.

## Options Available

- Vision lite.
- Factory applied finish.
- Anti microbial coating.
