

# Bullet Resistant Forced Entry Bullet Resistant Attack Resistant Doorway Solutions

TASKDOOR include :  
WOOD DOORS | STEEL DOORS | FRAMEWORKS | SPECIALTY DOORS

Leader in door opening solutions supporting end-user for safety, security and suitability.

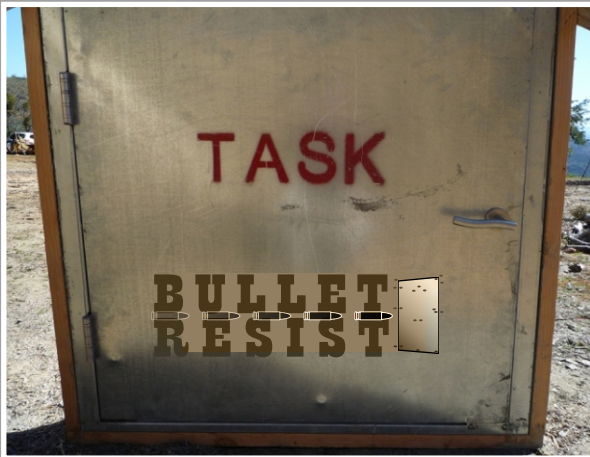

# TASK Current

**BULLET  
RESIST**

**Bullet Resistant**

**Level 1 to Level 8  
(Wood and Steel)**

*TASKDOOR is the leader in door opening solutions. Our goal is to support facilities improve all aspects of doorways with life-safety, security, suitability and design solutions. TASKDOOR BulletResist system offers eight levels of superior bullet resistant protection for the most demanding applications. With over 25 years of experience in designing and manufacturing bullet-resistant products, we have the experience it takes to ensure the safety of your personnel or property from direct arms fire. We offer a full range of pre-engineered models and also custom design your specific needs. Our two specialty door products Forced Entry Bullet Resistant & Attack Resistant Doorway Solutions from TASKDOOR are similar, yet serve separate applications, purpose and performance.*

## TASKDOOR Bullet Resist Solutions:

- Available in wood look, hollow metal and stainless steel finishes.
- Added benefits are long-term strength and durability and maximum corrosion resistance.
- Provided with all appropriate seals, thresholds and door bottoms (when required).

Demonstrating leadership in door opening solutions.

TASKDOOR is industry's first to address bullet - resistant challenges.

TASKDOOR with technical expertise generate spaces that meet or exceed the most stringent bullet resistant requirements.

# Providing BulletResist Solutions

*TASKDOOR BulletResist wood door finish offers protection from arms fire while giving the building the warmth and feel of an elegant wood door. Designers will like the many wood veneer, decorative laminate and finish options available plus the assurance of knowing that the door openings are providing protection to the occupants. Combining these attributes, TASKDOOR BulletResist offers aesthetic and protection in one door. The TASKDOOR BulletResist steel door assembly delivers the protection needed for today's security conscience building owners and designers.*

## Forced Entry BulletResist Solutions

These openings are tested to bullet resistant Level 8. The forced entry bullet resist opening is made up of a thicker / heavier hollow metal door and frame and heavy duty hardware, all factory supplied as a full assembly. The Forced Entry opening uses heavier gauge metal and more robust hardware because it is designed for government / military, safe rooms and guard houses. As a result, the FEBR opening is over ten times more expensive than the Attack Resistant opening.

## TASKDOOR Deliver Superior BulletResist Solutions to

- Airports
- Banks, check-cashing facilities
- Border patrol facilities
- Courthouses
- Police and fire stations
- Post offices
- Tollbooths
- Telecommunications facilities
- Public Utility Field Buildings
- Cashier Stands
- Schools and Universities
- Guard Shacks
- Government Facilities

### *BlastResist Solutions for above Environs*

| TASKFRAME | Hollow Metal - Frame                            |

# Key Benefits

## Characteristics

- Full range of sizes
- Single or double-leaf version
- All commercially available veneers, Plastic Laminate, Vinyl, Ral colors.
- Factory prefinish
- Bullet resistant vision kit with option of factory installed glass

## Advantages

- Meets stringent performance requirements of governing agencies.
- Available in stainless steel finishes.
- Optional sound ratings available upto 48 sealed in place.
- Custom engineering allows aesthetic choices to be combined with technical requirements:
- Made with a proprietary bullet resistant core.
- Levels 1-8 (levels 1-3 handguns, levels 4-8 rifles).
- Welded seamless door edge; continuously welded frames.
- Hollow metal, wood veneered hollow metal available to match any design requirement.
- Fire rating of single door upto 180 minutes.
- Anti microbial coating for schools and hospitals.
- Blast Resistance option available.

TASKDOOR offer Forced Entry Bullet Resistant Assemblies (FEBR), designed to resist an intense, prolonged attack by one or more intruders. This door assembly is intended for applications where the highest level of protection and durability is required. It has level 8 bullet resistance and provides the utmost life-safety protection for occupants in the room. When developing the Forced Entry Bullet Resistant assembly, we followed stringent security requirements, design unique structural features for the doors and frames, and then we build our assemblies using top quality components for optimum strength and durability. These doors secure military and government buildings, embassies, banks, control, data and safe rooms. The FEBR door assembly conforms to the industry standard for forced-entry and ballistic resistant threat levels plus antiterrorism level security and is offered with factory warranty.

## Optional accessories offered

- Various types of ironmongery solutions as specified
- Self-closing devices: door closers and door coordinators
- Access control and automatic operators
- Thresholds

# Basic of BulletResist

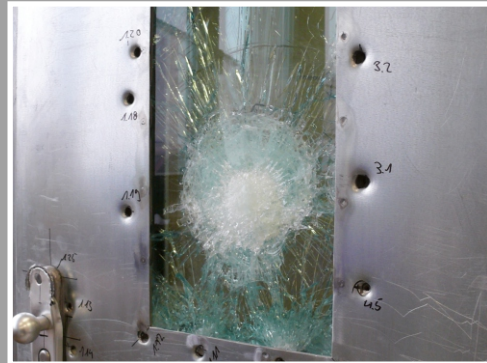

*TASKDOOR BulletResist Level 4-8 bullet resistant system offers the best protection against bullet penetration and fragmentation. TASKDOOR use of "secret armor" protects against assault and vandalism at vulnerable door openings.*

## **BulletResist TASKDOOR systems**

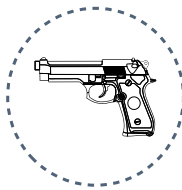

Are available in standard door sizes BulletResist System is also available prefinished (Level 1-3) with bullet resistant glass. BulletResist frames are 2.4mm steel with welded corners. In addition to the protection Bulletresist doors and frames offer, Level 1 - 3 and level 6 can be optionally fire rated up to 180 minutes.
