TASKDOOR

Current

Leading manufacturer in the Middle East, of Specialized and Engineered Doors & Frames, in Wood & Steel. For more than 25 years, TASKDOOR has continuously escalated their reputation of excellence and of being a trusted leader. The antiquity of TASKDOOR is one of success bred of hard work. Founded in 1991, TASKDOOR has grown from a family-run business to a company that is an industry-leader for specialized Door and Frame manufacturing, with a reputation as an innovator and leader. This leadership of the family company has been attained through decades of continuous growth as a result of innovation, ensured quality and most importantly close proximity to the customer.

In 2005, the family business further solidified and enhanced its reputation for excellence when the family children joined the TASKDOOR team. One being an Architectural Hardware Consultant (AHC), who writes door and ironmongery specification while taking care of marketing and providing sales support. The other is an Engineer who designs and provides manufacturing and production support. Today, TASKDOOR is co-run by the second generation, ie children of company founder(s) and responsible partners.

Even as TASKDOOR fortifies its position in the global market place, the family remains conscious of the company's roots as a family-run business and the qualities that have boosted TASKDOOR to its current position as an industry-leading company. At TASKDOOR, each project is seen as an opportunity to raise its bar and set a new benchmark.

In the Middle East, TASKDOOR continues to deliver door opening solutions tailored to local customers whilst maintaining high international standards of quality and service.

YOUR VISION OUR EXPERIENCE

It's our experience and expertise that enables us to bring your vision to life. For more than 25 years, TASKDOOR has been designing, manufacturing, delivering and standing behind the highest quality and most innovative door opening solutions and products and services in the industry. That's how TASKDOOR has carved out its niche as the door manufacturer that leading architects, building owners, installers and general contractors rely on when facing their most complex design projects.

TASKDOOR designs, manufactures and markets door and door hardware products to the commercial, industrial and institutional building construction industry and is recognized as one of the leading suppliers in its area of specialization. TASKDOOR develops products that are designed to complement the clean lines of modern doors, while at the same time meeting safety and security standards.

The company's sole mission is to be the top door and frame manufacturer in the industry. TASKDOOR match craftsmanship with specifications whereby Governments, Architects, Property Developers and Contractors, trust TASKDOOR to design and manufacture the doors needed for their iconic buildings. TASKDOOR has accomplished over 3500 projects, which include iconic projects like the prestigious Burj Al Khalifa, Dubai airports and several 7 star hotels.

TASKDOOR has an enviable accreditation of Acoustic doors, Blast-resistant doors, Bullet-resistant doors, Pressure, resistant doors, Thermal doors, Access Doors, Stainless Steel doors, Lead-lined doors and others. TASKDOOR can provide a variety of doors in Wood, Steel, Stainless steel and in combination of wood doors and steel frames. "Our products are way ahead of the market" says the proud – Founder

TASKDOOR will lead the way to the future of Doors, enriching lives with the safest and most secure ways of protecting people. Through our commitment to quality, constant innovation and respect for the planet, we aim to exceed expectations.

OUR MISSION, VISION etc...

TASKDOOR has earned industry-wide respect for our high quality and advanced technology, combining aesthetics with enhanced durability, safety, energy saving and sound reduction Remember, "Your Vision. Our Experience." is not just a slogan, it is a way of doing business at TASKDOOR.

The Team

TASKDOOR TEAM will make it work.

TASKDOOR Team is a solution provider. 25 years of working experience with thousands of Architects, Engineers and professionals in the construction industry has given us experience to provide sound technical and commercial solutions. Our team of professional designers develop product solutions for all sectors especially commercial, healthcare and industrial. With our vast experience in this industry, we strive to exceed our customers' expectations in terms of technical specification and aesthetics to overcome even the most problematic design schemes.

With several deleterious fires in the Middle East in high rise buildings, the government and civil defense acknowledge the need for a higher standard. Emphasis is to have tighter controls in terms of having certification, and verified supplier chain to provide quality products that meet specifications. All are required to have correct certification and trace ability that the door has been manufactured to the correct standard and specification.

In fact, our executives and technical staff have long provided on-going service and volunteer professional leadership to the organization that defines industry standards through internationally recognized certification criteria.

We meet our challenging goals by engaging the talent and passion of people, who believe there is always a better way.

TASKDOOR talented team has expanded from a few employees in 1991 to a huge staff count today. Expert machine operators work side by side with Specialists, Engineers Sales and Marketing Professionals to deliver an internationally recognized product. TASKDOOR guarantees excellent door and frame assemblies that combine unique design with performance, function and serviceability. A truly good-looking door can also be blast-resistant, bullet-resistant, or meet rigorous acoustic requirements. The commitment to excellence has remained at the core of our business, even though the company has grown.

The Team covers operations, quality and operational excellence. Undertaking a multitude of projects from specifications to execution and installation, there is no project too large or complex. TASKDOOR offers a one-supplier strategy for door openings thereby reducing costs, hassle and complexities for the industry at a time when companies need to rein in costs without sacrificing the quality of their services.

The Team continuously seeks to economize direct material costs without impacting the quality of its products. The cost efficiency comes from using technologies or manufacturing processes, which improve efficiency within the manufacturing process. Reanalyzing materials and the functionality of products to reduce costs and increase quality.

Door Opening Solutions

TASKDOOR proud team says "If you can imagine it – we will build it."

TASKDOOR manufacturing facility in - UAE, boasts of the latest state of the art machinery and equipment, ensuring TASKDOOR expert technicians can meet large-volume contracts while continuing to construct every door with meticulous detail. OUR PROCESS....

Our Clients

Over 25 years of experience and expertise has brought commendable recognition. TASKDOOR exports directly, and also sells intellectual property globally through licensing agreements with qualified manufacturers who construct our products based on TASKDOOR detailed designs and certifications.

No other company has yet matched the level of competence, expertise and dedication benchmarked by TASKDOOR. Today TASKDOOR is recognized as the leading fire rated wood/steel door and frame manufacturer in Middle East.

For over 25 years, TASKDOOR is proud to have designed and manufacture exceptional doors and frames for clients in the Middle East. Our rigorous manufacturing processes are combined seamlessly with our unparalleled craftsmanship, making TASKDOOR the trusted choice of any Client.

TASKDOOR is affiliated with several organizations that set the international standards for the Door and Hardware Industry. TASKDOOR has accreditation with the Authorities having Jurisdiction" of all AGCC countries. We closely monitor and provide a winning combination of local and international codes relating to construction and fire standards of our products, to our Clients.

Our clients include government agencies, healthcare institutions, power plants, airports, and large private-sector companies. While TASKDOOR excels at complex, large-scale projects for everything from world famous buildings to simple infrastructure, we also appreciate the opportunity to use our skills on small projects that require just one or two unique openings.

By leveraging our expertise, our pioneering solutions and our unrivaled reputation, we have continuously expanded our reach, and now enjoy strong working relationships with partners and customers throughout the Middle East.

Unsurpassed Service Support

Detailed installations instructions are provided to architects and contractors. Exceptional buildings are offered with our in house service package. Alternatively we oversee the installation work, subcontracted to a 3rd party where TASKDOOR deploys a site team permanently to ensure installation of doors and frames as per guidelines. We also offer certificates for installation courses at our factory.

TASKDOOR - Security Solution Providers

Our Security Solutions Providers and specification consultants work with distributors and end-users to ensure complete life-safety and security solutions for commercial facilities. This is achieved by understanding end-user needs and combining products accordingly. Support services include architectural education, technical expertise, and assistance with code compliance.
