Leader in door opening solutions supporting end-user for safety, security and suitability.

# TASK Current - Keeping Pace with Hospitality Changes

*TASK - The leader in door opening solutions, dedicated to supporting end-user requirements for safety, security and suitability.*

Being the leading door opening solution provider, we are dedicated to satisfying end-user needs for safety, security and suitability. TASKDOOR have a leading position in Middle East.

TASK's vision is to be the most innovative supplier of door opening solutions in order to deliver safe and suitable solutions that provide real added value to customers.

Using the latest technologies and proven techniques we are constantly developing innovative solutions that improve our customer lives through greater safety, security and suitability. Our sustainability is integrated in all of our processes of innovation, product development, manufacturing, sales and logistics.

# Solutions for Hotels & Resorts

*TASK is the most trusted name and the strength of TASK lies in being located in the Middle East. In the Middle East we are one stop doors solution providers for complete project requirements to designers and consultants.*

Each of our doors complements the other with its different strength, allowing us to offer tailored solutions for all our customers and end-users in the construction industry. Our solutions are designed to withstand the challenges of demanding environments and achieve the highest certifications of the industry.

At relaxation facilities providing safety and security that meets the diverse needs of the hotel guests without compromising freedom is the key to our effective and flexible solutions.

As part of TASKDOOR commitment to facilitate the specification process, we provide specification writing service to specification writers and consultants. Working as a trusted partner, our specialists ensure that solutions match client requirements, industry standards and budget. With huge experience in all types of door applications, we offer professional consultancy and support services to make specification quick, easy and applicable to all budget sizes. We offer the benefit of streamlined costs, risk management, justification of products and the maintenance of appropriate security levels across the total project.

***TASK is located in UAE. We also serve entire Middle East Markets***
