

# Standard & Specialty Hollow Metal Door

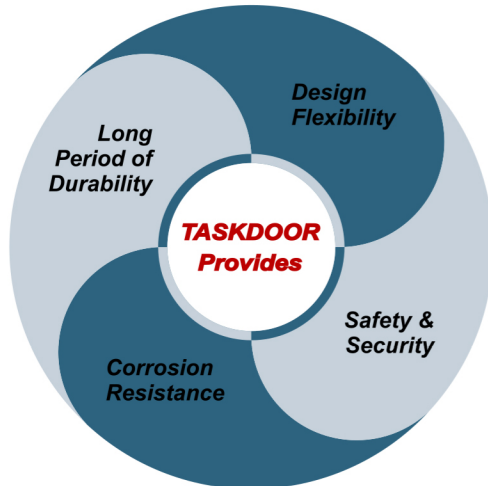

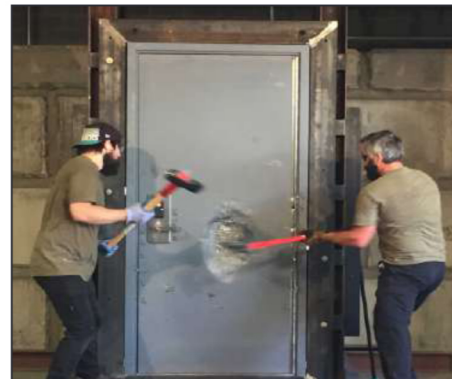

Leader in door opening solutions supporting end-user for safety, security and suitability.

TASKDOOR include :  
WOOD DOORS | STEEL DOORS | FRAMEWORKS | SPECIALTY DOORS

TASKDOOR manufacturers a complete line of standard hollow metal doors providing choices of core like honeycomb, polystyrene, polyurethane foam and temperature rise cores. TASK steel-stiffened doors are used in areas where security and vulnerability to vandalism and break-in are of concern. Fire ratings are available from 20 minutes through 3 hours. The combined durability and economy of these doors make them popular choices for a variety of users. TASKDOOR offer a range of products suited for institutional and commercial security uses.

To complement our standard steel doors and frames, TASKDOOR offers a number of specialty products. Our specialty products enhance our ability to be a one source manufacturer and supplier for any project and requirement. TASKDOOR manufacturers specialty door that including acoustical, stainless steel, blast, bullet, lead-lined, RF shielded, attack resistant, and forced entry bullet resistant.
